

Team ALAEA Atlanta Georgia USA 2025.

AIRCRAFT MAINTENANCE COMPETITION

The ALAEA is seeking expressions of interest from members to represent the ALAEA at the 2025 AMC to be held in conjunction with MRO America's in Atlanta Georgia April 7–10, 2025. We would also like to once again announce that Team ALAEA 2024 has partnered with Snap-On Industrial and will be there to support the team through their journey. Five positions are available on the team consisting of 3 x B1's and 2 x B2 engineers.

Members from airlines, regionals, general aviation, and rotary wing are encouraged to apply as we require a diverse range of skills. The ALAEA has competed in the AMC since 2010 where we always perform well as a team and make new friends along the way whilst gaining an unforgettable experience. Last competition we successfully won the Peer Team Award and 3rd place in the general aviation category. It was without a doubt a career highlight for those who attended

The Aerospace Maintenance Competition (AMC) is a venue for teams of certificated Aircraft Maintenance Technicians, Aircraft Maintenance Engineers, Inspectors, and students enrolled in either FAA, EASA, CASA, or equivalently authorized schools as well as personnel of any country's Armed Forces that are involved in the aircraft maintenance and spacecraft maintenance field. Uncertificated Aircraft Technicians and Aircraft Engineers employed with an MRO/OEM company are also eligible to compete. The AMC is an opportunity for today's and tomorrow's skilled Aviation Maintenance Professionals to test their combined abilities against those of their peers.

Reasonable funds for travel, meals and accommodation expenses will be provided for the team but you will need to make your own arrangements for leave from work. If you are interested, please see the attached application form. If you have previously applied, we encourage you to re-apply.
